

TABLE ALPHABÉTIQUE DES ESPÈCES
ET DES PRINCIPAUX GENRES.

| | Pages. | | Pages. |
|--|----------|--|--------|
| Acacia albida | 305 | Addax | 210 |
| Acacia Seyal | 305 | Adenium Honghel | 304 |
| Acacia Sing | 304 | Æpyceros | 210 |
| Acacia Vereek | 304 | Æpyornis ingens | 217 |
| Acacias | 253 | Æpyornis maximus | 217 |
| Acer antiquum | 318 | Agapornis taranta | 223 |
| Acer brachyphyllum | 318 | Agaricus alvernus | 256 |
| Acer capellipes | 319 | Agaricus mellus | 256 |
| Acer Campbelli | 319 | Agriotes longicollis | 357 |
| Acer hyrcanum | 319 | Agriotes sericens | 357 |
| Acer japonicum | 319 | Aigrettes | 211 |
| Acer lætum | 319 | Alafia laudolphioides | 423 |
| Acer lætum sezanneuse | 319 | Alaus berns | 356 |
| Acer lætum pliocenicum | 319 | Alestes Fuchsii | 178 |
| Acer nigrum | 319 | Alestes Liebrechtsii | 178 |
| Acer opulifolium | 319 | Alestes macrophthalmus | 178 |
| Acer opulifolium granatense | 319 | Alisma humile | 304 |
| Acer opulifolium pleocenicum | 319 | Alnus Kefersteini var. alata | 321 |
| Acer palmatum | 319 | Alpheus collumianus | 414 |
| Acer pensylvanicum | 319 | Alpheus cunitus | 414 |
| Acer polymorphum (palmatum) | | Alpheus Edwardsi | 413 |
| plicenicum | 318 | Alpheus frontalis | 414 |
| Acer pseudoplatanus | 318 | Alpheus gracilipes | 414 |
| Acer pseredoplatanus eoceni- | | Alpheus malleodigitus | 414 |
| cum | 318 | Alpheus pachychirus | 414 |
| Acer recognitum | 319 | Alpheus paragracilis | 414 |
| Acer rufinerve | 319 | Alpheus parvirostris | 414 |
| Acer sezannense | 319 | Alpheus spongiarium | 414 |
| Acer sinense | 319 | Alpheus ventrosus | 414 |
| Acer spicatum | 319 | Alstonia scholaris | 423 |
| Acer subtenuilobatum | 319 | Alysses | 78 |
| Acer tegmentilobum | 319 | Alyssum | 78 |
| Acer tenuilobatum | 319 | Ammodorcas | 210 |
| Actenoides Alluaudi var. chlo- | | Anaphe Panda | 281 |
| roderus | 18 | Anastomus lamelligerus | 227 |
| Adausonia digitata | 305, 430 | Ancylobothrys amœna | 422 |

| | | | |
|-------------------------------------|----------|---|----------|
| Anemia Sakalava | 18 | Argemone | 78 |
| Ânes | 210 | Armeria | 132 |
| Ankyroderma Danielsseni | 119 | Arthrohammus | 260 |
| Ankyroderma loricatum | 119 | Ascobolus vinosus | 256 |
| Ankyroderma maroccanum | 119 | Asellus aquaticus | 235 |
| Anodonta cathipygos | 419 | Asellus cavaticus | 235 |
| Anodonta lauta | 419 | Athores secessus | 357 |
| Anodonta woodiana | 419 | Athores sinuatus | 257 |
| Anomma nigricans | 364 | Athores subcaneus | 357 |
| Anourelles | 235 | Athores umbratilis | 357 |
| Anthicus amicitiae | 102 | Athores virens | 357 |
| Anthicus angustatus | 103 | Aubriéties | 78 |
| Anthicus bifasciatus | 102 | Autruches | 211, 333 |
| Anthicus brachinoides | 102 | Avicennia | 304 |
| Anthicus Des Logesi | 102 | Bacillus myophagus Cuniculi | 121 |
| Anthicus insignis | 102 | Bactéridie myophage | 121 |
| Anthicus occipitalis | 102 | Baissea multiflora | 423 |
| Anthicus olivaceus | 102 | Balanites Egyptiaca | 253, 304 |
| Anthicus pallieris | 102 | Balearia pavonina | 227 |
| Anthicus pallidifasciatus | 102 | Balsamodendron africanum | 250 |
| Anthicus quadriguttatus | 102 | Bananier | 135 |
| Anthicus unifasciatus | 103 | Baobab | 305, 430 |
| Anthicus venator | 102 | Barillus Kingsleyæ | 178 |
| Anthicus vespertinus | 102 | Bassia Packii | 249 |
| Anthocleista Vogëlii | 250 | Baninia reticulata | 428 |
| Antidorcas | 210 | Bdeogalus nigripes | 91 |
| Antilope Babale | 213 | Bembex labiatus | 362 |
| Antilopes | 210 | Bembex rostratus | 362 |
| Aphanobius unicolor | 317 | Benthodites lingua | 119 |
| Apocynées | 251 | Benthodites glutinosa | 119 |
| Aptenodytes Försteri | 67 | Benthogone rosea | 117 |
| Aptenodytes papua | 218 | Benthogone var. cylindrica | 117 |
| Aptenodytes patachonica | 219, 220 | Benthogone var. quadrilineata | 117 |
| Aptenodytes patagonica | 220 | Bessornis semirufa | 225 |
| Aptenodytes tæniata | 218 | Bocagia | 225 |
| Arabis | 78 | Bocagia Anchieta | 225 |
| Aræocerus coffeæ | 410 | Bocagia minuta | 225 |
| Aræocerus fasciculatus | 410 | Bocagia Potteri | 225 |
| Aramigus tessellatus | 411 | Boemyces cernadophilus | 254 |
| Arbre à beurre | 250 | Bœufs à bosse | 332 |
| Archæolemur | 216 | Bonellie | 417 |
| Archæolemur robustus | 323 | Borassus Æthiopianum | 249, 305 |
| Ardea candidissima | 92 | | |

| | | | |
|--|----------|-------------------------------------|----------------------------|
| Borassus flabelliformis | 305 | Carpodinus | 317 |
| Bos | 217 | Carpodinus acida | 317 |
| Bos madagascariensis | 217 | Carpodinus Barteri | 317 |
| Brachylecium populens | 255 | Carpodinus dulcis | 317, 423 |
| Bracon anthracinus | 363 | Carpodinus Foretiana | 317 |
| Bracon melanothrix | 363 | Carpodinus gracilis | 317 |
| Bracon obscurator | 363 | Carpodinus hirsuta | 309, 312, 315, 317, 424 |
| Braconides | 238 | Carpodinus hirsutus | 308 |
| Bradylemur | 215 | Carpodinus Jumellei | 317 |
| Bradylemur Bastardi | 215 | Carpodinus lanceolata | 317 |
| Bradylemur robustus | 216 | Casoar austral | 377 |
| Bradyornis chocolatina | 225 | Cassida bivittata | 411 |
| Brassica | 78 | Cassida nigripes | 411 |
| Brookesia dentata | 345 | Castilloa | 137, 139, 431 |
| Brucea sumatrana | 80 | Casuaris australis | 377 |
| Bryconæthiops Boulengeri | 101, 178 | Catapaguroides | 368 |
| Bryconæthiops Mocquardianus | 178 | Catapaguroides acutifrons | 369 |
| Bubalis | 210 | Catapaguroides megalops | 369 |
| Bubo cinerascens | 223 | Catapaguroides microps | 369 |
| Buchanga atra var. assimilis | 225 | Catapaguroides timidus | 369 |
| Buffles | 210 | Catapagurus | 368 |
| Bulimus | 294 | Catarrhactes | 221 |
| Buphaga erythroryncha | 226 | Catarrhactes chrysocoma | 221 |
| Buphagus | 210 | Catarrhactes chrysolophus | 221 |
| Butes augur | 223 | Cecidotea | 235 |
| Bycanistes cristatus | 224 | Centetes ecaudatus | 216 |
| | | Centropus monachus | 224 |
| Cæcospheroma Faucheri | 235, 284 | Centronis | 217 |
| Cæcospheroma Galimardi | 235 | Cephalophus | 210 |
| Cæcospheroma Virei | 235 | Cephalophus dorsalis | 91 |
| Calandra orizæ | 410 | Cerchmeis tinnuncula | 223 |
| Calosoma Grandidieri | 16 | Cercocebus agilis | 91 |
| Calotropis procera | 304, 425 | Cercocebus collaris | 91 |
| Camacinia Harmaudi | 103 | Cercolaptes caudivolvulus | 212 |
| Campodes | 235 | Cercopithecus Brazze | 91 |
| Campodes Cookei | 235 | Cercopithecus Diana | 91 |
| Campodes Dargilani | 235 | Cercopithecus nectitans | 212 |
| Campodes erebophila | 235 | Cervicapra | 210 |
| Campodes staphilinus | 235 | Ceryle rudis | 224 |
| Canis | 217 | Cetonia aurata | 383 |
| Canis aureus | 31 | Chætechelyne vesuviana | 385 |
| Cardiophorus adjutor | 357 | Chacals | 211, 213 |
| Cardiophorus pullatus | 357 | | |

| | | | |
